

GKA KITE-SURF WORLD CUP Dakhla, Morocco 2023

22.09.-01.10.2023

It is a pleasure to announce the fourth Kite-Surf event of the GKA KITE WORLD TOUR 2023

which will be held in Dakhla, Morocco..

The dates will be from the 22nd of September to the 01st of October 2023.

This is a 4-Star GKA Kite World Tour event and the competition is sanctioned and governed by the 2023 GKA KWT Rulebook.

Registration

Entry procedure and Registration

All competitors planning to enter a KWT event shall pre-register through the registration link on the dedicated event page on the GKA Kite World Tour website:

<https://app.gkakiteworldtour.com/>

or via email to tom@global-kitesports.org or by other means to be specified by the KWT Sports Commission, no later than the published closing date for entries for that specific event.

Ultimately it is the competitors' responsibility to pre-register or to apply for an entry for an event and to ensure that the application has been received timely and correctly.

According to rule 11.2, fines and/or having their next events applications cancelled may be handed out to a pre-registered and / or qualified competitor who, without advanced notice fails to show up at an event.

Complete and signed entry forms for event registration must be signed and complete by the time stated in the Race Notice. Exceptions can only be granted by the KWT Representative.

If a competitor is unable to complete registration at the published time and place in the Race Notice for reasons beyond their control, then the competitor should contact the KWT Representative with details of their delay and must gain consent for their registration period to be extended. Evidence must be supplied to support reasons showing that the circumstances were out of the competitor's control. Failure to comply with the above will prohibit a competitor from entering the event.

All riders must preregister for the event through the online registration form **by 23.59h of the 28th of August 2023.**

Elimination ladders - Kitesurf & Freestyle Discipline

The elimination ladder used for the KWT Kite-Surf event shall be Dingle.

- KWT 28 Riders Dingle Elimination

(iii) The following scale may be used to describe a wave ridden that is scored:

- 0–1.9 = Poor;
- 2.0–3.9 = Fair;
- 4.0–5.9 = Average;
- 6.0–7.9 = Good;
- 8.0–10.0 = Excellent.

Judging Criteria are applied to score individual waves ridden. Each judge analyzes the following major elements when scoring a ride:

- Commitment.
- Degree of difficulty.
- Innovative and progressive maneuvers.
- Combination of major maneuvers.
- Variety of maneuvers.
- Speed, power and flow

The number of waves ridden from each competitor towards the final result shall be decided by the Head Judge in consultation with the Riders Representative and posted in the Official Notice Board at least thirty (30) minutes before the start of the heat.

If a judge misses a wave ride, or part of the wave ride, they should place an “M” and that score will be given points equal to the average to the nearest tenth of a point (0.05 to be rounded upward) of the other judges’ scores.

The Head Judge may re- run the heat according to rule 22.1.4, if all judges miss a wave ridden and there is strong evidence that the wave ridden was missed by all the judges and this wave ridden had a scoring potential that may change the final result. It’s important to note that the emphasis of certain elements is contingent upon the location and the conditions on the day, as well as changes of conditions during the day. Competitors must combine the major key elements in order to be awarded scores in the excellent range.

Strapless Freestyle:

The competition area shall be defined in the Sailing Instructions or in the way indicated in the Official Notice Board at least fifteen (15) minutes before the start of the heat. A diagram is recommended.

Competitors shall be scored while being in the designated competition area. Whether a competitor is in or out of the competition area, will be at the discretion of the senior judge on the relevant panel and the Head Judge.

Overall Impression Scoring:

There is no limitation of a maximum number of trick attempts per heat. Judges will not assign numerical values to each tricks. They will have a shorthand notation for taking brief notes of the jumps performed on each tack during the heat. They will also write a final score based on the following categories:

* 10 points Technical Difficulty: The technical difficulty and height of a trick landed during the heat. As the wind conditions increase, this aspect will exponentially become more and more into consideration, but only when the height is achieved along with risk factor and technical difficulty.

* 10 points Variety: Variety of tricks completed during the heat on both tacks. Repetition of tricks on the same tack will decrease the chances of winning the heat. Repetition of tricks on both tacks (switch tricks) will increase the chances of winning the heat.

* 10 points Overall impression: Considering style, quality vs quantity, innovation and “wow” factor.

Trick by trick Scoring:

There is a limitation of a maximum of 12 trick attempts per heat.

Only the best 5 tricks with the highest individual scores from different trick categories will count towards the final score from each competitor. One per category, except BOARD OFF and KITE LOOP categories, that can count two.

The amount of trick attempt to count towards the final score will be announced by the Head Judge and posted in the Official Notice Board at least thirty (30) minutes before the start of the heat.

If a competitor “butt checks” when landing the trick and doesn’t lose the board, the judges will still give some credit to the trick. It’s at the discretion of each judge to consider if it’s a crash or a butt check and to consider how much credit they will give to the trick.

The credit given to butt checked trick landings is directly related to the risk factor involved in the execution of the trick. For tricks with a high degree of risk factor, judges won’t deduct points for a butt-checked landing.

A trick is a crash only if the majority of the judges consider it as a crash. If the minority of the judges consider a trick as a crash, those crashes will be withdrawn and the judges will reconsider the trick in the other scoring categories

If a judge misses a trick, he should place a “M” and he has to consult to the Head Judge before giving the final score of the heat.

The Head Judge may re-run the heat if all judges miss a trick and there is strong evidence that the trick was missed by all the judges and this trick may change the final result.

Judges may not change their scores. If there are any mistake the judge should have the Head Judge make the correction for them.

In case of tie, it will be broken in favor of the competitor with the highest single score. If a tie remains between two or more competitors, each competitor’s individual scores shall be listed in order of best to worst, even if some of them are excluded scores, and at the first point where there is a difference the tie shall be broken in favor of the competitor with the best individual score.

Trick categories:

The tricks repertoire has been broken down into the following tricks families. The list of tricks included by family is not extensive, and not limited to the described tricks below but gives an indication about how

(iv) Risk factor – Is directly linked to the power, height, amplitude and technical difficulty of the jump, but also to the commitment of the competitor and physical challenge during the execution, duration of the critical moment, and energy on the execution.

(v) Smoothness – Smoothness and fluidity during the execution and landing of tricks completed during the heat.

(vi) Innovation – Tricks that have never been landed in competition before.
