

GKA KITE-SURF WORLD CUP Ibiraquera, Brazil 2024

19.10.-26.10.2024

It is a pleasure to announce the next Kite-Surf event of the GKA KITE WORLD TOUR 2024

which will be held in Ibiraquera, Brazil.

The dates will be from the 19th of October to the 26th of October 2024.

This is a GKA Kite World Tour event, and the competition is sanctioned and governed by the 2024 GKA KWT Rulebook.

Registration

Entry procedure and Registration

All competitors planning to enter a KWT event shall pre-register through the registration link on the dedicated event page on the GKA Kite World Tour website:

<https://app.gkakiteworldtour.com/>

or via email to tom@global-kitesports.org or by other means to be specified by the KWT Sports Commission, no later than the published closing date for entries for that specific event.

Ultimately it is the competitors' responsibility to pre-register or to apply for an entry for an event and to ensure that the application has been received timely and correctly.

According to rule 11.2, fines and/or having their next events applications cancelled may be handed out to a pre-registered and / or qualified competitor who, without advanced notice fails to show up at an event.

Complete and signed entry forms for event registration must be signed and complete by the time stated in the Race Notice. Exceptions can only be granted by the KWT Representative.

If a competitor is unable to complete registration at the published time and place in the Race Notice for reasons beyond their control, then the competitor should contact the KWT Representative with details of their delay and must gain consent for their registration period to be extended. Evidence must be supplied to support reasons showing that the circumstances were out of the competitor's control. Failure to comply with the above will prohibit a competitor from entering the event.

All riders must preregister for the event through the online registration form **by 23.59h of the 09th of September 2024.**

	Kite Surf & Hydrofoil Big Air Discipline
CATEGORY	24 Riders
TOP 20	1-16
Video Wildcards	17-20
GKA Wildcards	21-22

Organizer Wildcards	23-24
---------------------	-------

1. For GKA wildcards the KWT Sports Commission will select competitors based on their participation in past events as well as their kite merits.
2. For riders aiming for Video wildcards, the athlete needs to submit a Wildcard Video application through the following online form: <https://app.gkakiteworldtour.com/>
3. Wildcards will be seeded based on their KWT ranking whenever available. If this is not possible, they will be distributed in the KWT ladder according to rule 18.1.1.(ii)
4. If any ranked competitor cannot compete in one KWT event due to an injury or other reasons, the empty spot will be given to the next highest ranked competitor. If this is not possible, the KWT Representative may grant exceptionally the available entry to another competitor prior approval from the KWT Sports Commission.
5. The GKA will publish the GKA wildcard allocation on **11th September**, two days after the preregistration period closes. The number of injury wildcards to be granted according to rule 17.3. remains unknown until then.
6. Wild card enquiries need to be done via mailing to tom@global-kitesports.org

Video Requirements for Kitesurf

Video Contest Judging Criteria

For the GKA Ibiraguera Event, depending on conditions can be mixed Wave/freestyle, or pure freestyle if there is no swell, however we will focus on pure wave.

Regarding the wave criteria, we are looking for Speed, Power and flow. Onshore waveriding is very technical, when kite position and connecting turns has to be fast. Aerial manoeuvres together with some power carves keeping up the speed and control, rail to rail flow, off the lip turns together with a good control of the kite are what we look for.

Video Contest Format Guidelines

Make sure to follow the guidelines below for full consideration with your application:

- 4 WAVE Videos - 1 Rider. The riders do have the option to remove/update/replace a video with a newer/better before the video entry closes, a maximum of 4 videos can be submitted per rider. All 4 must be wave.
- WAVE VIDEOS: Wave videos must have ATLEAST 2 turns. The connection between the waves and the turns must be shown. Videos which don't show this won't be scored. Also, no barrel wave videos. We want to see how you ride ins small onshore choppy conditions, similar to what we see in Sylt.
- FOCUS - Do not split the video-clip/camera-angles at mid-clips. The clip will need to show and follow the entire jump from take-off to landing. No slow-motion playback; regular speed playback only.
- EDITING - No fancy editing required. Raw unedited will also work. Videos do not need to be a masterpiece of editing; all we need is to clearly see the potential of the rider and the value of the moves.
- LENGTH: 1 WAVE ONLY PER VIDEO – The video clip cannot have more than 1 wave. We are not looking for long video clips.

What is not allowed:

POV SHOTS - No point of view videos, line, mouth, board, kite, harness mount-cam footage, as it does NOT show the real perspective (height and length) of the jump and the period in air. Also, no drone shots from a FPV/ follow drone.

- The maximum number of waves ridden attempts per competitor during a heat will be announced by the Head Judge and posted in the Official Notice Board at least thirty (30) minutes before the start of the heat.
- Each Wave ridden is scored from 0.1 to 10.0 (ten), broken into one-tenth increments (e.g 6.4).

(iii) The following scale may be used to describe a wave ridden that is scored:

0–1.9 = Poor;
2.0–3.9 = Fair;
4.0–5.9 = Average;
6.0–7.9 = Good;
8.0–10.0 = Excellent.

Judging Criterias are applied to score individual waves ridden. Each judge analyzes the following major elements when scoring a ride:

- Commitment.
- Degree of difficulty.
- Innovative and progressive maneuvers.
- Combination of major maneuvers.
- Variety of maneuvers.
- Speed, power and flow

The number of waves ridden from each competitor towards the result shall be decided by the Head Judge in consultation with the Riders Representative and posted in the Official Notice Board at least thirty (30) minutes before the start of the heat.

If a judge misses a wave ride, or part of the wave ride, they should place an “M” and that score will be given points equal to the average to the nearest tenth of a point (0.05 to be rounded upward) of the other judges’ scores.

The Head Judge may re- run the heat according to rule 22.1.4, if all judges miss a wave ridden and there is strong evidence that the wave ridden was missed by all the judges and this wave ridden had a scoring potential that may change the final result. It’s important to note that the emphasis of certain elements is contingent upon the location and the conditions on the day, as well as changes of conditions during the day.

Competitors must combine the major key elements in order to be awarded scores in the excellent range.

Strapless Freestyle:

The competition area shall be defined in the Sailing Instructions or in the way indicated in the Official Notice Board at least fifteen (15) minutes before the start of the heat. A diagram is recommended.

Competitors shall be scored while being in the designated competition area. Whether a competitor is in or out of the competition area, will be at the discretion of the senior judge on the relevant panel and the Head Judge.

Overall Impression Scoring:

There is no limitation of a maximum number of trick attempts per heat.
Judges will not assign numerical values to each tricks. They will have a shorthand notation for taking

brief notes of the jumps performed on each tack during the heat. They will also write a final score based on the following categories:

- 10 points Technical Difficulty: The technical difficulty and height of a trick landed during the heat. As the wind conditions increase, this aspect will exponentially become more and more into consideration, but only when the height is achieved along with risk factor and technical difficulty.
- 10 points Variety: Variety of tricks completed during the heat on both tacks. Repetition of tricks on the same tack will decrease the chances of winning the heat. Repetition of tricks on both tacks (switch tricks) will increase the chances of winning the heat.
- 10 points Overall impression: Considering style, quality vs quantity, innovation and “wow” factor.

Trick by trick Scoring:

There is a limitation of a maximum of 12 trick attempts per heat.

Only the best 5 tricks with the highest individual scores from different trick categories will count towards the final score from each competitor. One per category, except BOARD OFF and KITE LOOP categories, that can count two.

The amount of trick attempt to count towards the final score will be announced by the Head Judge and posted in the Official Notice Board at least thirty (30) minutes before the start of the heat.

If a competitor “butt checks” when landing the trick and doesn’t lose the board, the judges will still give some credit to the trick. It’s at the discretion of each judge to consider if it’s a crash or a butt check and to consider how much credit they will give to the trick.

The credit given to butt checked trick landings is directly related to the risk factor involved in the execution of the trick. For tricks with a high degree of risk factor, judges won’t deduct points for a butt-checked landing.

A trick is a crash only if the majority of the judges consider it as a crash. If the minority of the judges consider a trick as a crash, those crashes will be withdrawn and the judges will reconsider the trick in the other scoring categories

If a judge misses a trick, he should place a “M” and he has to consult to the Head Judge before giving the final score of the heat.

The Head Judge may re-run the heat if all judges miss a trick and there is strong evidence that the trick was missed by all the judges and this trick may change the final result.

Judges may not change their scores. If there are any mistake the judge should have the Head Judge make the correction for them.

In case of tie, it will be broken in favor of the competitor with the highest single score. If a tie remains between two or more competitors, each competitor’s individual scores shall be listed in order of best to worst, even if some of them are excluded scores, and at the first point where there is a difference the tie shall be broken in favor of the competitor with the best individual score.

Trick categories:

The tricks repertoire has been broken down into the following tricks families. The list of tricks included by family is not extensive, and not limited to the described tricks below but gives an indication about how

different tricks are being categorized by the judges. The Head Judge has the final say when categorizing a new trick.

STRAPLESS FREESTYLE

Strapless Freestyle Tricklist separated by category, the trick count by family will be decided by Head Judge on the first skippers meeting.
* Coloured fields (except white) are sub-categories. Only one trick within each sub-category can count towards the final score.

To bring the variety criteria into effect, only the highest score per trick family will count towards the final heat score from each competitor.

Judging Criteria:

Judges will assign numerical values to each trick attempt based on the following judging criteria's:

- Height and amplitude – The combination of height and amplitude of the tricks completed during the heat. As the wind conditions increase, this aspect will exponentially become more and more into consideration, but only when the height and amplitude are achieved along with risk factor and technical difficulty.
- Technical Difficulty – The technical difficulty of tricks completed during the heat. A grabbed trick will be rewarded with a higher score than a non-grabbed trick within this criteria, depending on the quality of the execution.
- Power – The power during the execution of the tricks. Power will be considered as a combination of speed into the trick to pop and speed out during the landing, height and amplitude during the trick.
- Risk factor – Is directly linked to the power, height, amplitude and technical difficulty of the jump, but also to the commitment of the competitor and physical challenge during the execution, duration of the critical moment, and energy on the execution.
- Smoothness – Smoothness and fluidity during the execution and landing of tricks completed during the heat.
- Innovation – Tricks that have never been landed in competition before.

GKA Kite World Tour

As a competitor, I agree to respect the racing rules and in particular:

- 1- to display visibly the sailing-number attributed to me.
- 2- to wear the official event-competition-lycra at all times when proceeding to the water (also during training) as well as during interviews, official presentations and on podium.
- 3- to wear a life jacket and safety helmet during the competition,
- 4- to follow the recommendations and/or instructions provided by the crew.
- 5- to place board stickers (GKA Kite World Tour & Event sponsor) on the top and on the bottom of the board at all time during the event (competitions, interviews, media conferences, award ceremony...).
- 6- to take note that all rider meetings, opening/closing ceremonies and media conferences requested by the Event Organizer are mandatory to all riders. I assure that I'll be on time and ready.
- 7- I'm aware that a non-observance of this rule will incur a fine of up to 500 USD. Any competitor finishing in the top 3 positions who fails to attend the awards ceremony on time - without being justified by a force of major circumstance - will incur a fine equal to their earned prize money for the event. Furthermore, fine can incur an additional penalty of up to 1.000 USD and suspension for the next event.
